Office Circular

It is for the information of **all B.Tech. (final year) students, 2005-09 batch** (who were selected by Infosys) that Infosys has developed a campus recruits' portal. This exclusive portal has been designed to smoothen the assimilation process of new recruits with Infosys and help them gain a head-start when they join. The portal enables them to hone their technical and behavioral competencies, interact with Infosys and other recruits through discussion forums, and be updated of developments at Infosys.

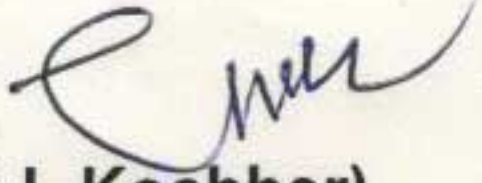

The concerned students are required to log-in at the portal through the following link:

<http://campusconnect.infosys.com/Recruits2009/LoginRecruits2009.aspx>

While logging in, the students should be cautious of the following:

1. User name: The User name is the same as the Candidate ID mentioned in the offer letter that was e-mailed to them by Infosys.
2. Password: The password is their DOB in the DD-Mon-YY format (E.g., 08-Apr-85).
3. The password is case sensitive.

All concerned to please note and comply with the same.
