| Criterion 3 | Research Innovation & Extension | 110 |
|-------------|---------------------------------|-----|

### Criterion 3- Research Innovation & Extension (110)

#### Key Indicator 3.2-Innovation Ecosystem (15)

**3.2.2 Number of workshops/seminars/conference including programs conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the last five years (5)**

**Response:** Attached below is the response to clarifications sought by DVV regarding

- Provide the Detailed report for each program, duly signed by competent authority
- Provide Brochure/Geo tagged Photograph with date and captions; title of the workshops /seminars conducted.
- Provide Details of resource persons with their contact details.

#### TABLE OF CONTENTS

| S. No.   | Particulars   | Page No. |
|--|---|----------|
| 1  | Details of Resource Persons with their contact details        | i-v      |
| <b>Detailed Report for Workshops/Seminars conducted during Session 2017-18</b> |   |          |
| 1  | Workshop on "Big Data Analytics using Hadoop                  | 1        |
| 2  | Workshop on Cyber security and Cyber forensics                | 2-3      |
| <b>Detailed Report for Workshops/Seminars conducted during Session 2018-19</b> |   |          |
| 1  | Expert Talk on IoT  | 4        |
| 2  | Workshop on Machine Learning                                  | 4-5      |
| 3  | Workshop on IoT   | 6        |
| 4  | Expert talk on Wireless System Design                         | 7        |
| 5  | Workshop on Internet of Things using Arduino and Raspberry Pi | 7-8      |
| 6  | Janhit Jagran Social Enterprise Challenge                     | 8        |
| <b>Detailed Report for Workshops/Seminars conducted during Session 2019-20</b> |   |          |
| 1  | 5Days Industry Week Skill Development Program                 | 9-10     |
| 2  | Workshop on Machine Learning and Tensorflow                   | 11-12    |
| 3  | Expert Talk on Cyber Security                                 | 12-13    |

|   |   |       |
|---|---|-------|
| 4   | Expert Talk on Web Technologies   | 13-14 |
| 5   | Industry Interaction  | 14-19 |
| 6   | Workshop on Cloud Computing   | 19-20 |
| 7   | The Business Master 2019  | 21-23 |
| 8   | Startup India Punjab Yatra 2019   | 23-28 |
| <b>Detailed Report/Brochure for Workshops/Seminars conducted during Session 2020-21</b> |   |       |
| 1   | AICTE-ISTE Sponsored Induction/Refresher Program on Advance Materials and Processes for Sustainable Intelligent Manufacturing | 29    |
| 2   | Industry Week   | 30-31 |
| 3   | Online Expert Talk on 'Career Opportunities'  | 32    |
| 4   | Webinar on "Current Trends in the Internet and Wireless Communication Technologies"   | 33    |
| 5   | Expert talk on Latest Trends in Web Technologies  | 34    |
| 6   | Expert Talk on Network and Business Data Analytics  | 35    |
| 7   | Arduino Workshop  | 35-37 |
| 8   | Industry Week   | 38-39 |
| 9   | Global Entrepreneurship Boot Camp (GEB)   | 40-42 |
| 10  | Webinar on Young India, Innovative India & Self Reliant India   | 43-44 |
| <b>Detailed Report/Brochure for Workshops/Seminars conducted during Session 2021-22</b> |   |       |
| 1   | AICTE-ISTE Sponsored Induction/Refresher Program on Advances in Materials Processing and Characterization                     | 45-46 |
| 2   | Workshop on React JS  | 47-48 |
| 3   | PSCST sponsored National Science Day -2021  | 48-50 |
| 4   | AICTE-ISTE Sponsored Induction/Refresher Program on Advances in Materials Processing and Characterization                     | 51-53 |
| 5   | Webinar on "Sambhav"- Entrepreneurship Awareness Camp.  | 54-55 |
| 6   | Webinar on "Successful Entrepreneurial Journey of Mr. Michiel Westermann"   | 55-57 |
| 7   | Webinar on "Punjab Right to Business Act 2020"  | 58-59 |
| 8   | Webinar by Punjab Govt. for the DAVIET students to promote Entrepreneurship as a Career Option                                | 60-61 |
| 9   | Punjab Biggest Idea Hunt  | 62-74 |
| 10  | Webinar on "Mass Hybridization-Future of Hybrid Electric Vehicle (HEV)" by TOYOTA India                                       | 74-76 |
| 11  | Entrepreneurship Awareness Camp   | 76-78 |
| 12  | Webinar on "Be Industry Ready" by Ms. Zoya Kapoor, Career and Transformational Coach (Virginia, USA) for the students         | 78-79 |
| 13  | Expert Talk on Tax Planning & E-filing of ITR   | 80-81 |
| 14  | "Questionnaire Design for Research in Social Sciences"  | 82-84 |

|    |  |         |
|----|--|---------|
| 15 | AI Bootcamp-Build your own Virtual Assistant   | 85-86   |
| 16 | Idea pitching competition in association with Innovation Mission, Punjab             | 87-91   |
| 17 | IIC Impact Lecture Series - Session 1  | 92-94   |
| 19 | IIC Impact Lecture Series - Session 2  | 94-97   |
| 18 | Session on Business Start-Ups in Association with MBCIE                              | 98-100  |
| 19 | Expert Talk on Understanding Innovation and Entrepreneurship by Dr. Gautam Bharatiya | 101-104 |
| 20 | Expert Talk on Women Entrepreneurship in Rural India                                 | 105-107 |
| 21 | Orientation Program for Startups and Entrepreneurship                                | 107-108 |
| 22 | Webinar on 'Career Opportunities after B. Tech'                                      | 109-110 |
| 23 | "DESIGN TALK SERIES – SESSION 7" For Faculty & Students                              | 111-113 |
| 24 | Entrepreneurship Awareness Program   | 113-115 |

## Detailed Report for Workshops/Seminars conducted during 2017-18

### Workshop on “Big Data Analytics using Hadoop”

5-Day Workshop on “Big Data Analytics using Hadoop” by Dr. Manish Arora (Additional Director) and Mrs. Anita Budhiraja, Joint Director (Systems), National Institute of Electronics and Information Technology (NEILIT), Chandigarh from October 9-13, 2017 for students of B.Tech CSE 7<sup>th</sup> semester. The day-wise topic coverage schedule of the workshop is as under:

| Day | Contents  |
|-----|---|
| 1   | Introduction to Big Data, tools and techniques for Data Analytics, Ubuntu Operating Systems and its commands. |
| 2   | Object Oriented Programming with java, Hadoop Framework, Hadoop Commands.                                     |
| 3   | Map Reduce Programming, HIVE datawarehouse  |
| 4   | HIVE-UDF, HIVE JDBC, R Programming  |
| 5   | Introduction to HBASE, JAQL, PIG, Big Data Analysis Projects  |

Dr. Manish Arora (Additional Director) and Mrs. Anita Budhiraja, Joint Director (Systems) from NEILIT Chandigarh, delivering talk during the workshop

### Industry Week

The department of Computer Science and Engineering organized Industry week from September 18 – 20, 2017. The aim of the industry week is to bridge the gap between the academic curriculum and industry requirements.

The industry week commenced with 3- Day workshop on “Cyber security and Cyber forensics” by Dr. Anup Girdhar, CEO-Founder Sedulity Solutions and Technologies was organized from September 18-20, 2017 for students of B.Tech CSE 3<sup>rd</sup> and 5<sup>th</sup> semester

Dr. Anup Girdhar, CEO-Founder Sedulity Solutions and Technologies is being honored by CSE Department

The day wise topic coverage schedule of the workshop is as under:

**Day 1:**

- » Basics of Computer and Networking Concepts
- » Building an Approach for Ethical Hacking
- » Foot Printing
- » Scanning
- » Social Engineering

**Day 2:**

- » Email Hacking and Its Countermeasures
- » Operating System Attacks
- » Application Attacks

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

» Building an Approach for Networking Infrastructure and Network Attacks

» Sniffing

**Day 3:**

» Malware

» Cryptography With Different Applications

» IDS and Firewalls

» Reverse Engineering or Password Cracking Techniques

Glimpses of the workshop are:

Dr. Anup Girdhar, CEO-Founder Sedulity Solutions and Technologies interacting with students

## Detailed Report for Workshops/Seminars conducted during 2018-19

### **Expert talk on “Internet of Things”**

Expert talk on Internet of things (IoT) was delivered by Sh. Gaurav Sharma (Sr. Embedded Programmer and Designer) of ICF Technologies Pvt. Ltd. Jalandhar, to 3rd year Electrical Engineering students on 04 October 2018, where they learned emerging trend on IoT. Students also learned about when “Internet of Things” was coined and how it penetrated the market in 2010. As of now IoT is rising exponentially and it is expected that more than 50 billion devices would be connected by 2020. IoT ecosystem which includes hardware, software, protocols and services were discussed and students learned about various IoT protocols and their applications including IoT hardware. In IoT hardware, different kind hardware ranging from Raspberry Pi, Arduino Uno, ESP8266 based Node MCU, wemos has been discussed in details. Popular IoT cloud services where data can send for storage and analysis was shown. Students participated in live demo where light connected to relay was controlled by Smartphone. Students learned about programming logic, writing style and readability of the code.

Er. Gaurav Sharma honoured by Dr. Sudhir Sharma

Expert talk by Er. Gaurav Sharma

### **Workshop on Machine Learning**

The Department organized a Workshop on Machine Learning by Prateek Narang, Founding Member at Coding Blocks for the students of B.Tech CSE 3<sup>rd</sup> and 5<sup>th</sup> semester on 15-16 October 2018.

Topics which are covered during Workshop:

- Python Basics, Data Processing using Numpy-Pandas, Data visualization
- Introduction to Machine Learning
- Linear Regression, Gradient Descent Algorithm
- Housing Prices Prediction Project
- Some more Algorithms from Supervised & Unsupervised learning (K Means & KNN)

**Machine Learning Workshop by Mr. Parteek Narang**

## WORKSHOP ON INTERNET OF THINGS

The Department organized a Workshop on IOT (Internet of Things) by Director of Itronix Solutions Mr. Karan Kumar on 14/9/18. The company deals in Research and Development, IT support and training. Expert guided the students about the new emerging field of IOT. Students are introduced with concepts about the chips and their functionality. Raspberry pi and another chip, ESP are also introduced to students. Experts showcased various projects in IOT.

Expert Talk by Director of Itronix Solutions

## Expert talk on Wireless System Design

An expert talk on Wireless System Design was organized in the department for the students of B.Tech – IT (5th Sem) on 12/10/2018. Dr. Pooja Dand has delivered this talk in the department. She has discussed some of the essential components of wireless systems design with the students.

Expert talk on Wireless System Design by Dr. Pooja Dhand

## Workshop on Internet of Things using Arduino and Raspberry Pi

Department has organized workshop on Internet of Things using Arduino and Raspberry Pi on 5/10/2018. Mr. Sanjeev Kumar from Electron Solution, Jalandhar was the resource person for this workshop. Students of B.Tech IT (3rd & 5th semester) have participated in this workshop.

Workshop on Internet of Things using Arduino and Raspberry Pi

### **Janhit Jagran Social Enterprise Challenge 2018-19:**

Janhit Jagran is an initiative of Dainik Jagran to scout Social innovators and entrepreneurs in 7 key domains of development [education, health, women empowerment, poverty alleviation, water, environment, Human Resource Management] and provide them with access to quality mentorship, networks and implementation grants.

The programme was launched on July 15, 2018 and was run as pitch series across 16 states (30-35 cities) and culminated into a national pitch, providing a funding of up to 25 lakhs for the selected candidates of enterprise challenge. Winners of the city idea challenge got a cash incentive, a boot camp opportunity with IIM Calcutta Innovation Park and entry to the final round (prize money 1 lakh).

## Detailed Report for Workshops/Seminars conducted during 2019-20

### 5Days Industry Week – Skill Development Program

The department of Electrical Engineering organized Industry Week from 30<sup>th</sup> September 2019 to 5<sup>th</sup> October 2019. The training program was conducted by National Institute of Electronics and Information Technology (NIELIT), Ropar.

The basic aim of the training program is to upgrade technical skills of the students and faculty as per the latest AICTE recommendations. AICTE pioneer authority in technical education is promoting disciplines/courses like Internet of Things (IoT), Robotics, Data Sciences, Artificial Intelligence and many more. Keeping in line with these recommendations the training program was conducted in two modules i.e. Python with Machine Learning and Arduino & Raspberry Pi. by the department under 5days Industry week skill development program.

The objective of the program was to train the students according to the current scenario of industries and to achieve hand on practice sessions in python language and use of its libraries for machine learning. The other module Arduino & Raspberry Pi focused on basic concepts and its interfacing between the physical world and devices using IOT.

Ms. Anita Budhiraja (Joint director (systems), NIELIT) was the NIELIT co-coordinator for training on Python with Machine Learning and trained the students on python programming constructs, algorithms and their implementation, dictionaries and libraries like pandas and numpy. Different machine learning algorithms with the concept of AI were also covered.

Dr. Sarwan Singh (deputy director (systems), NIELIT) was the NIELIT co-coordinator for training on Arduino & Raspberry Pi and trained the students on Arduino interfacing with sensors and actuators along with raspberry pi and Linux shell programming. The training will help the students in designing real time IOT components and products which is the most innovative technology nowadays.

Dr. Sudhir Sharma (HOD, EE) appreciated the hard work put in by the department faculty and staff for organizing an effective industry week. He shared that the department organizes Industry week in every semester to bridge the gap between industry and academia that helps the students to enhance their technical knowledge and implement to real time problems as the demand of today's industry.

Dr. Manoj Kumar, Principal DAVIET appreciated the hard work being put in for organizing a valuable industry week by the department of Electrical Engineering. He wished best of luck to the students for all their future endeavors. He highlighted that special efforts are always done by DAVIET to make the students industry ready.

The 5days Industry week training was attended by 133 students of B.Tech EE 3<sup>rd</sup>, 5<sup>th</sup> and 7<sup>th</sup> semester along with Dr. Sudhir Sharma, Dean Academics & HoD, Ms. Shivani Mehta & Mr. Rahul Sharma (Industry Week Coordinator), faculty and staff of the Department.

■ The department of Electrical Engineering organized Industry Week from 30<sup>th</sup> September 2019 to 5<sup>th</sup> October 2019. The training program was conducted by National Institute of Electronics and Information Technology (NIELIT), Ropar.

■ The basic aim of the training program is to upgrade technical skills of the students and faculty as per the latest AICTE recommendations. AICTE pioneer authority in technical education is promoting disciplines/courses like Internet of Things (IoT), Robotics, Data Sciences, Artificial Intelligence and many more.

■ The objective of the program was to train the students according to the current scenario of industries and to achieve hand on practice sessions in python language and Arduino & Raspberry Pi focused on basic concepts and its interfacing between the physical worlds.

■ Ms. Anita Budhiraja (Joint director (systems), NIELIT) was the NIELIT co-coordinator for training on Python with Machine Learning and trained the students on python programming constructs, algorithms and their implementation, dictionaries and libraries like pandas and numpy.

■ Dr. Sarwan Singh (deputy director (systems), NIELIT) was the NIELIT co-coordinator for training on Arduino & Raspberry Pi and trained the students on Arduino interfacing with sensors and actuators along with raspberry pi and Linux shell programming.

■ Dr. Sudhir Sharma (HOD, EE) appreciated the hard work & shared that the department organizes Industry week in every semester to bridge the gap between industry and academia that helps the students to enhance their technical knowledge and implement to real time problems as the demand of today's industry.

■ Dr. Manoj Kumar, Principal DAVIET appreciated the hard work & wished best of luck to the students for all their future endeavors.

■ He showed his confidence that DAVIET will be able to bridge this gap and will be able to provide technically skilled professionals to the industry who at the same time are also responsible citizens of the society.

Er. Chetan Sharma from OsoftMedia, Jalandhar delivering an Expert Talk

### Industry Interaction (October 7, 2019- October 9, 2019)

Department of CSE was organized an Industry Interaction started w.e.f October 7, 2019-October 9 2019, the details were as follows:

#### Day-1 (October 7, 2019)

A workshop was conducted by O7 Services Jalandhar for the students of B.Tech CSE 3<sup>rd</sup> and 5<sup>th</sup> semester on October 7, 2019. The technical session was typically based on one of the current and latest technology trend 'Python'. In order to make the session more informative and interactive, the mentors from O7 Services covered the topics related to the basics of Python programming, a little introduction of IOT, Raspberry Pi and Machine Learning.

#### Python Programming topics:

- Loops
- Operators
- Functions

#### Python Libraries:

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

- Pandas
- Numpy
- Tkinter

Expert Conducting the Workshop

Principal

## ***Machine Learning Seminar by iTronix Solutions***

A seminar was conducted by iTronix Solutions on October 7 2019 for students of B.Tech CSE 7<sup>th</sup> semester. The seminar was loaded with sound career advice and AI ML discussions. The main focus of the seminar was ML with Python. The seminar consisted of live demonstrations of AI software applications such as voice assistants and prediction software and students were informed on how quickly it could be developed using Python using APIs and ML Technologies.

### ***Glimps of Machine Learning Seminar***

#### **Day-2(October 8, 2019)**

Two sessions were organized for the students of B.Tech CSE 3<sup>rd</sup>, 5<sup>th</sup> and 7<sup>th</sup> semester on October 8, 2019. The first session was conducted by a company named iTronixSolutions on Introduction to basic networking devices, different data models, implementation of different routing protocols using CISCO

packet tracer and the second session was on Aptitude Building covering the tricks to solve the computational problems.

Session conducted by Mr. Harpreet Singh

Principal   
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

*Mr. Harpreet Singh being honoured by Dr. Parveen Kakkar*

**Day-3( October 9, 2019)**

A seminar was conducted by a company 'RADIUS' from Bombay for the students of B.Tech CSE 3<sup>rd</sup>, 5<sup>th</sup> and 7<sup>th</sup> semester. The session was typically based on the current and latest technology trends used in IOS. In order to make the session more informative and interactive, the mentors from 'RADIUS' covered the following topics:

- Introduction to IOS.
- A Brief about different operating systems.
- About different IOS devices.
- Uses of IOS devices in higher education systems.
- About the IOS coding application software named as: Everybody can code and everybody can create.

## **WORKSHOP ON CLOUD COMPUTING**

A Workshop on Cloud Computing by Ansh Infotech was organized for the students of B.Tech CSE 7th semester on 26 August, 2019. Ansh Infotech is a Ludhiana based software training and internship facilitator which deals in vast IT technologies ranging from Block Chain Technologies to Artificial Intelligence. Cloud Computing is a technological challenge which deals with Computational operations and storage of Data over the Cloud. Google Cloud Platform, Amazon Web Services and Microsoft Azure are used to tackle this problem of handling data to analyze and make useful inferences from the available resources. Basic working of various cloud computing platforms was discussed. Students were also made aware of multiple tools available under AWS like NLP, Computer Vision, Text to Speech.

Principal   
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

The various problems concerned with the use of cloud computing were discussed. It was an informative and interesting workshop in which students enhanced their know-how and learnt a lot of practically useful things about the cloud computing technology.

E-Mail from placement office regarding "THE BUSINESS MASTER 2019" on March 19, 2019

Registration for "THE BUSINESS MASTER 2019" to be held at DAVIET, Jalandhar on March 19, 2019.

DAVIET-Department of Training & Placement <placement@davietjal.org>

Mon 3/11/2019 10:24 AM

To: Manager Industry Interface - DAVIET <m.industryinterface@davietjal.org>

Respected Directors/Heads/TPO's, Greetings of the day!!

DAVIET is a top-notch Institution of the DAVCMC New Delhi and is a unique "Lighthouse of Knowledge" for the budding intelligentsia of the country catering to the changing requirements our 21st Century which is a 'Knowledge Century' wherein 'brain power' determines our place in it. DAVIET offers a world-class platform to the future engineers in the field of quality professional education and research matching the best in the world. DAVIET enjoys the coveted status of 1st preference Institute in the state of Punjab since only meritorious and career oriented students are able to secure admission with us.

*DAV Institute of Engineering & Technology, Jalandhar* in association with *I.K Gujral Punjab Technical University* is going to organize "**THE BUSINESS MASTER 2019**".

It's a unique opportunity for the participants to get the real feel of Business World. A business plan helps the entrepreneur set out objectives, targets and benchmarks and chance to showcase their plan to Investors. It is also a prerequisite to get credit from lending agencies like banks and State Financial Corporations, etc. It is a blueprint or a road map for your business.

**Salient Features of "THE BUSINESS MASTER 2019":**

- Platform for budding entrepreneurs to present their business ideas. A Joint Platform for investors and future entrepreneurs.
- Entrepreneurship Awareness Camp.
- As DAVIET is the host institution for MSME in entire Punjab so 11 best Ideas will get funding upto 6 lacs each under MSME scheme.

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

- Same day 10 consolation prize for potential START UPS.
- On the spot valuable suggestion & Guidance from experts for business START Ups.

**Eligibility:**

- The contest is open to students, corporate professionals, entrepreneurs, as well as other independent individuals.
- Teams will have unique team names of their choosing, and will be required to nominate a teamlead.
- The proposed venture's name may be same or different than the team name. The teams are required to indicate team during registration.
- All submissions, beginning executive summary, shall indicate both team name and proposed venture name.

**Team Composition & Process Details:**

- The event is open for teams comprising of students, corporate professionals, entrepreneurs as well as other independent individuals.
- A team can have a minimum of 1 and a maximum of 4 members. Members can be from any University, Institute or organization.
- One participant cannot be part of more than one team.
- No change in the team structure is permitted after the team is registered. Please register your team after careful thought and deliberation.
- Total 10-15 minutes will be given to each team to present their ideas.

**There will be no presentation. Only hard copy of respective business idea will be given to the evaluation committee.**

**Participation Fees :**

- Absolutely Free.

**You are requested to kindly circulate the below mentioned link among the students of your esteemed institution for participation.**

E-Mail from placement office regarding :Startup Yatra Van at DAVIET on January 23, 2019 & Boot Camp on January 28, 2019 at IKG PTU Main Campus, Kapurthala

**From:** DAVIET-Department of Training & Placement

**Sent:** Saturday, January 5, 2019 9:31 AM

**Cc:** prashar\_sushil@yahoo.com; vishavkapoor55@gmail.com; ratishb39@gmail.com; madhu2675@gmail.com **Subject:** Important :Startup Yatra Van at DAVIET on January 23, 2019 & Boot Camp on January 28, 2019 at IKG PTU Main Campus, Kapurthala..

Respected Directors / TPOs,Greetings of the day!!

This is to inform you that Government of India under the startup policy has started **Startup India Yatra** which aims to help future entrepreneurs realize their startup dream. Future Entrepreneurs will also have the opportunity to get incubated to succeed in their journey from idea to enterprise. So, the Startup India Yatra aims to reach each and every district of the country.

Under this Startup India Yatra Government of India is organizing **Boot camps in the various cities of Punjab and Startup India Yatra van will travel to various cities** with the following objectives:

1. Spreading awareness about Startup India and various government schemes.
2. Opportunity to pitch an idea and get selected for the acceleration programme

**In Jalandhar boot Camp will be held on January 28, 2019 at IKG Punjab Technical University, Main Campus and Startup India Yatra Van will visit DAV Institute of Engineering & Technology(DAVIET) on January 23, 2019 .**

*Also to inform you all that DAV Institute of Engineering & Technology (DAVIET) has been conferred with the status of Host Institution/Business Incubator by Micro, Small & Medium Enterprises (MSME), New Delhi under the Scheme "Support for Entrepreneurial and Managerial Development of SMEs through Incubators". The Objective of this scheme is to provide early stage funding to nurture innovative business ideas that could be commercialized in a year. The scheme provide financial assistance for setting up of Business Incubators (BI's). The Cost may vary from 4 to 6 Lacs for each Incubatee/Ideas.*

*Any Student, Individual or MSME from Punjab with innovative ideas ready for commercialization can apply to us for financial assistance of 4 to 6 Lacs .*

In Lieu of the all above correspondence , you all are requested to circulate **both the information** among the students of your esteemed institution so that the can visit to our campus on the said date to understand various schemes provided by government to the youth of India for entrepreneurship.

Further. you are also requested to submit the business ideas from your esteemed college/institute up to **20th January, 2019** as quick funding will be provided to the business ideas upto 1 Crore under various government schemes.

#### **Quick Review**

- Institutions are requested to send Business Ideas at [placement@davietjal.org](mailto:placement@davietjal.org)  
Last date of submitting the Business Ideas is January 20,2019.
- Evaluation of Ideas will be done by Startup India yatra Van officials on January 23,2019 at DAVIET, Jalandhar.
- After evaluation selected ideas will go for further assessment on January 28,2019 at IKG PTU Main Campus.
- Finally selected Ideas will get funding assistance upto 1Crore to start their business under government schemes.
- For any queries you can contact" +919888144156

#### About the Institute

DAV Institute of Engineering and Technology was established in 2001 under the aegis of DAV College Trust & Management Society, New Delhi. DAV College Managing Committee (DAVCMCI) is the executive body of the said Trust and is the largest nongovernmental educational organization in India, managing a chain of about 900 institutions in India and abroad. Over the years, this nodal organization has played a stellar role in rejuvenating the Indian society intellectually, emotionally and spiritually. DAV institutions are known for the highest level of dedication, sincerity, commitment and discipline and have established a reputation for academic excellence and character building. DAVIET is the first Engineering Institute of DAV College Trust and Management Society Approved by AICTE and affiliated to IKG Punjab Technical University, the Institute is accredited by NAAC with 'A' Grade & Recognized by UGC under Section 20(F). The Institute is located in the heart of city and spread over an area measuring about 18 acres possessing extremely beautiful landscape with a running canal on its back and historical Buriton Park on its front. The Institute has been ranked as top college of Engineering and awarded the certificate of excellence for exemplary contribution in the field of Higher Education and is also ranked 15th amongst the Best Private Engineering Colleges of North India by India Today MDRA Survey 2019. DAVIET is carrying out original research of significance and cutting edge technology development. The Institute also came up with some in house developed products in its endeavor to combat COVID-19. It imparts training to students to make them competent, motivated engineers and scientists. The Institute not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. We believe in creating professionals equipped with right skills and attitude by endowing them with high moral values, sound intellectual powers, refined analytical and decision making skills.

#### About the Department

Established in 2009, Department of Mechanical Engineering of the Institute currently runs undergraduate courses with an annual intake of 60 students and as part of Regional Centre of IKG Punjab Technical University, Jalandhar, has also got a sanctioned intake of 25 students for post graduate courses leading to M.Tech. in Mechanical Engineering. The department is determined to provide the best of technical education to its students aimed at creating employable professionals and entrepreneurs. Regular use of Industry Week, an innovative practice conceived to enhance the skill, employability and entrepreneurial acumen of students, is one such exercise aimed at providing skill oriented education by bringing industry and academia in close proximity. Student activities, effective classroom teaching with judicious use of technology and focus on holistic development are some of the key features of education in the department.

#### About the Program

In the era of global competitiveness, advance materials and manufacturing processes is a major thrust area for focused research. The issue becomes all the more relevant with environmental concerns. Sustainable development through environment friendly materials and practices is a globally recognized mission. The course is comprehensively structured to cover the diverse fields of advance materials such as metal and polymer based composites, smart materials and manufacturing strategies including additive manufacturing, advance manufacturing processes, Green and Smart Manufacturing, Reuse and Recycling Techniques, ZED philosophy and Renewable Energy Technologies. With the Make in India initiative, the nation aims to raise the contribution of the manufacturing sector to 25% of the Gross Domestic Product (GDP) by the year 2025. Manufacturing scenario in India is thus on an upswing which creates opportunities for engineers, technocrats and entrepreneurs. The course will serve as an aid to enhance the quality of classroom delivery of academic programs especially in the field of Manufacturing and Material Science to promote a better ecosystem for research, innovation and entrepreneurship in the related fields.

## **Industry Week**

A five-day Industry Week was organized by the CSE Department on 19/10/2020 for the students enrolled in their 3rd, 5th, and 7th semester of the bachelor program. The objective of Industrial week was to bridge the gap that separates the development of modern-day tools and the technical skill set students establish during their engineering program. Amid the COVID-19 situation, the workshops were conducted online on Microsoft Teams, with the daily participation of around 160 students. Students were given a hands-on illustration of tools, along with demonstrations of real-time projects.

### **Day-1 and Day-2**

For the first two days, an online workshop was conducted on Ethical Hacking by Solitaire Infosys Pvt. Ltd., Mohali. Ms. Neetu Batra was the expert for the online workshop. The main topics covered in online workshop was

- An introduction to ethical hacking.
- Domains and process implementation under ethical hacking.
- Different kinds of hackers' viz white, grey, black hackers were categorized.
- How to hack the website.
- Various types of hacking like email hacking, network hacking, password hacking, and computer hacking.
- CISCO packet tracer which further includes an introduction to wireless adapters, how to bind routers, switch, computers and transmission media, network simulation, creating a VPN, modifying settings of routers using a command-line interface, and routing of packets.
- Phishing attacks, windows policy editing, Introduction to stenography, and IP configuration in CISCO packet tracer.

### **Day-3 and Day-4**

On day three and day four, the workshop on Machine learning using python was facilitated by Solitaire Infosys Pvt. Ltd., Mohali. The main topics covered in this workshop were

- Basic constructs the python language provides
- Tech-stack and the various technological tools required to build a machinelearning project.

The day was concluded with an online programming quiz conducted by EICT, Indian Institute of Technology, Kanpur for which Tejas Bir Singh Rekhi from the 7th semester has cleared the prelims and

is invited to the IIT Kanpur campus for the final rounds.

### Day-5

Day five centered on front-end development & web-designing. A workshop on UI Kit Flutter was conducted which is an open-source mobile application development SDK created by Google and is used to develop applications for Android and iOS platforms.

The workshop was facilitated by O7 Services, an IT Training company based out of Jalandhar. Along with an introduction of the concepts in Flutter, a detailed comparison with React native was presented. It included various factors from both the users' perspective and the underlying architecture involved in these two technologies.

## Online Expert Talk on 'Career Opportunities'

An Online Expert Talk on 'Career Opportunities' was organized on 30<sup>th</sup> Sept., 2020 by Mr. Abhay Puri (Alumni, Batch 2016-2020), Python Developer Intern at ST Microelectronics via Microsoft Teams Platform. The session was organised for the students of B.Tech CSE 3<sup>rd</sup>, 5<sup>th</sup> and ECE 3<sup>rd</sup> (Minor CSE) semester. The motive of this session is to make students aware about various opportunities and utilization of free resources that are available on internet. The main topics covered in this expert talk were

- Career Opportunities for Women
- Research Opportunities
- Resources to learn technologies
- Internship opportunities in India
- Campus placement preparation

**Window of Opportunities (Women Only)**

**Women In Tech Opportunities:**

1. GirlScript Summer of Code
2. Rails Girls Summer of Code
3. Google Code Jam IO
4. +Hack@Home by Atlassian - Aug to Sep
5. She Codes by Indeed - Aug to Nov
6. Outreachy - Aug & Feb
7. DevelopHER (Twitter) - July
8. Google Women Technologists program

**For 3rd year:**

1. Visa Code your way - Nov
2. Adobe CoDiva
3. LinkedIn Wintathon
4. AmazeWaW - April

**Scholarships:**

1. Google Women Techmaker (1st & 2nd Yr) - March
2. Adobe Women In Tech (3rd Yr) - Aug
3. CSoc System
4. Crave Hopper Scholarship (3rd/4th Yr)
5. Shefruit by Intuit - Aug
6. Goldman Sachs Women Mentorship

**Attendees (10):**

- Pritya Sachdeva CSE, Department...
- Abhay Puri (Guest) Guest
- Niveta Kochher Organizer
- Ashwin Sharma
- Aanshree Gupta
- Aashish Kumar

## A Webinar on “Current Trends in the Internet and Wireless

### Communication Technologies”

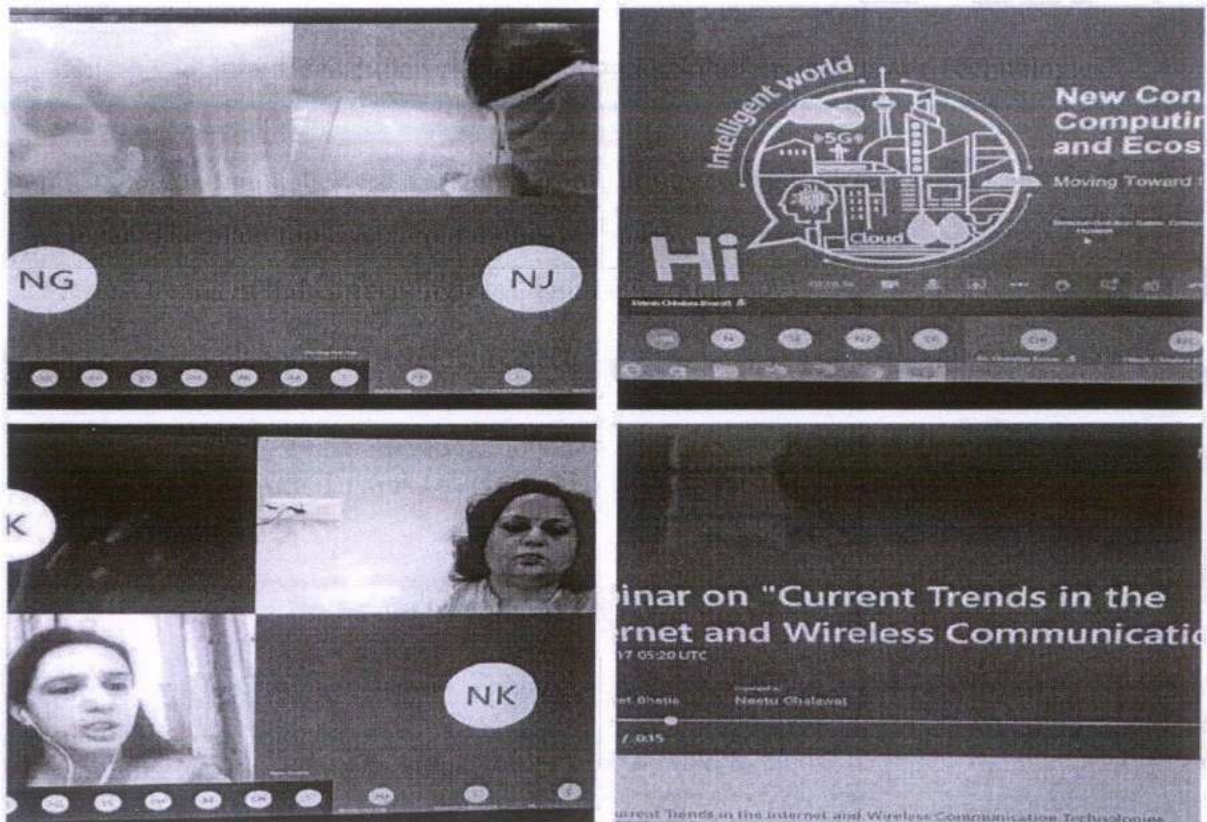

Webinar on “Current Trends in the Internet and Wireless Communication Technologies” was conducted on 17th July 2020. The resource persons of the webinar were

1. Shuchita Upadhyaya Bhasin , Professor from Kurukshetra University Kurukshetra
2. Hitesh Chhabra, Head-Enterprises IP Networks Solutions at Huawei Technologies.

More than 280 participants were registered from various colleges, organizations and industries in the Webinar. The main topics covered in this webinar were

- Latest trends in Industrial Wireless Communication
- Various innovations in Technology Sector
- The new concepts of Digital Transformation

The moderator of the webinar was Dr. Neetu Gahlawat, Assistant Professor, CSE.

## Expert talk on Latest Trends in Web Technologies

An expert talk on Latest Trends in Web Technologies was organized on January 31,2020 by Mr. Gurpreet Singh, GTB Institute Jalandhar. The session was organised for the students of B.Tech CSE 6<sup>th</sup> semester. The motive of this session is to make students aware about latest technology and industrial trends. The main points covered were as follows:

- About Full Stack Developer
- Front end and Back end designing tools and languages.
- Web programming languages.
- Power of Angular.
- Security services of Javascript.
- Live demonstration of the Chatting app made with Angular, JQuery and MongoDB.
- Auto deployment of Angular commands and libraries.

Mr. Gurpreet Singh delivering an Expert Talk

## Expert Talk on Network and Business Data Analytics

The Department organized an Expert Talk on “Network and Business Data Analytics” for the students of B.Tech CSE, IT, ECE, EE 6<sup>th</sup> semester, on 24<sup>th</sup> Jan, 2020 by Dr. Rajesh Sharma, Associate Professor & Senior Research Fellow from University of Tartu, Estonia (Europe). He gave an informative talk on the future scope of Business Data. A part of research on Wealth Distribution, Income Similarity, Social Media Network was shown to the students. He also gave an overview of his research analysis on Community patterns and diffusion of information in Online Social Networks and the effects of Social Media on Financial market. The motive of this seminar was to make students aware about the latest technology trends and Applications in Data Analytics. A total of 180 students from B.Tech CSE, IT, ECE and EE attended this expert talk.

Dr. Rajesh Sharma, Associate Professor & Senior Research Fellow from University of Tartu, Estonia (Europe) delivering an Expert Talk on Network & Business Data Analytics

## “Arduino Workshop” from January 16-21, 2020

With the continuous support and blessings of The Principal, Dr. Manoj Kumar, Department of ECE under the club of Ineo Creators had organized “Arduino Workshop” from January 16-21, 2020. The faculty coordinators, Mr Navleen S Rekhi, and Dr. Love Kumar, under the leadership of Dr. Neeru Malhotra, Associate Prof. and Head, had made the necessary arrangements for the smooth conduct of the workshop. The theme of the workshop is to inculcate the enthusiasm of dealing the conceptual learning practically. More than 50 students had participated from various Departments of the institute. The workshop was focused on the basics of Arduino and its practical utility. The student coordinators, Daksh Vachher, Dhairya Jain, Manpreet S, Ajooni Walia, Harish Kumar and Ayush all of ECE-6<sup>th</sup> Semester had mentored the participants and conducted the practical sessions. The participants were imparted with the knowledge about various sensors, PCB layout and applications of

Arduino. The discussion forum was also held before the start of every session. It helped out to clear the doubts and attained the better understanding of the development board. The successful completion and accomplishment of theme was acknowledged from the feedback form filled by the participants. Keeping this in mind, Dr. Neeru Malhotra gave a vote of thanks and congratulate the team of co-ordinators for success of the event. She also added to conduct more such events for creating technically competent professionals. On valediction ceremony, the certificates were given to the participants and congratulated them for fruitful participation.

Some Glimpse of "Arduino Workshop"

## Industry Week from 19-23 August, 2020.

The department of Electronics & Communication Engineering organized industry week from August 19-23, 2019. On August 20, 2019, three simultaneous workshops were organized for the student of 2nd, 3rd and 4th years. 2nd years students were introduced to Raspberry Pi and its application in Internet of Things (IoTs) whereas the students of 3rd and 4th years were engaged in computer networking. Some glimpses of the various sessions.

Respected Sir/Madam,

Greetings of the Day!!

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

With vision and mission to encourage multi-talented youth from every corner of state and providethem a platform to become Entrepreneur, the **Center of Incubation and Entrepreneurship of DAVIET, Jalandhar** in collaboration with **Micro Small & Medium Enterprises (MSME)** and **IK Gujral Punjab Technical University** is organizing the **Global Entrepreneurship BootCamp (GEB)** on **February 14, 2020** at **DAVIET, Jalandhar**.

***Salient Features of Global Entrepreneurship Bootcamp (GEB) :***

- *Role of Micro Small & Medium Enterprises (MSME) and other promotional institutions.*
- *To develop the necessary entrepreneurial skills in the participants and to give them*
- *a platform to interact with mentors and successful entrepreneurs.*
- *To brought together many young innovative minds from around the state of Punjab.*
- *To innovate and create new businesses through collaboration.*
- *To create entrepreneurship values among the students and youth of State.*
- *To enhance their business tactics and management.*
- *To respond effectively to the emerging challenges and opportunities both at national and international level relating to SMEs and Micro Enterprises.*
- *On the spot valuable suggestion & Guidance from experts for business START Ups.*
- *Identification of opportunities for entrepreneurs,*
- *Entrepreneurship & its present scenario.*
- *Entrepreneurial competencies Identification and selection of potential entrepreneurs.*
- *Project identification and opportunity guidance for Startups.*
- *To Know about Financial Support for Innovations/Startups from Investors.*
- *How to Prepare Business Plan and many more.....*

**AGENDA FOR THE DAY:**

| Session | Time            | Schedule   |
|---------|-----------------|--|
| 1       | 10:00AM-11:00AM | Session by Mr Kundan Lal, Assistant Director (MS |

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

|   |                  |  |
|---|------------------|--|
| 2 | 11:00AM-01:00PM  | Meet & Ask Young Entrepreneurs- A Interacti<br>Workshop Followed by Q&A. |
| 3 | 1:00PM-02:00PM   | Lunch  |
| 4 | 02:00PM- 04:30PM | Final Presentaion of Ideas Qualified for Grant Up<br>Lacs by MSME        |

In Lieu of the same, you are requested to kindly circulate this information among the students of your respective Institute and motivate them to **register themselves in the below mentioned link** to participate in this boot camp.

<https://forms.gle/ZJcbVnnNsZnLbAGB9>

**Note: Students who have already registered are not required to register again.**

Respected Colleagues, Greetings for the Day!!

This is to inform you all that Centre for Incubation and Entrepreneurship and Institution of Electronics and Telecommunication Engineers(IETE) Jalandhar Sub Centre is organizing webinar on "**Young India, Innovative India & Self-reliant India**" on **October 16,2020 from 6:00 to 7:00 PM.**

Prof.V.K Kaul who is presently Professor in the Department of Business Economics and Dean, Faculty of Applied Sciences and Humanities, University of Delhi will be the Speaker for the day who will brief about the various opportunities in the field of Entrepreneurship for the youth of India under the Atmanirbhar Bharat Abhiyaan.

Google Meet Link: <https://meet.google.com/bgy-kjmg-fob>

You are requested to kindly circulate this information and link among the students of your respective departments.

AICTE-ISTE Sponsored Induction/Refresher Program (Online)  
**Advance Materials and Processes for Sustainable Intelligent  
 Manufacturing (Phase -III)**  
**June 07-12, 2021**

The focus of the program will be on covering the current developments and opportunities in the following key areas:

- Advance Manufacturing Processes
- Composites & Advance Materials
- Smart Manufacturing
- Sustainable Manufacturing
- Additive Manufacturing
- Micro/Nano Manufacturing
- Smart Materials
- Bio Materials
- Zero Defect Zero Effect
- Waste Minimization

No registration fee. Limited seats available. Preference will be given to ISTE members. Certificates will be awarded to the participants who will satisfy the requirement of a minimum of 80% attendance and 60% or more marks in quiz which will be conducted during/end of the FDP. Online Registration of Phase - III by the eligible participants may be done on the given link :

<https://forms.gle/pMLDARsnV4u1z8Qu7>

**Last Date for submission of online registration: 02.06.2021**

**Confirmation of selection: 04.06.2021**

## Workshop on REACT JS

The Department organized a hands on Workshop on REACT JS on 23<sup>th</sup> February 2021. Mr. Praveen Kumar Purushothaman, Lead Consultant at Virtusa from United Kingdom is the resource person for the workshop. Workshop was conducted on YouTube with the agenda for the session as:

- Introduction to React on the Cloud.
- Personalizing the branding part of React Boilerplate.
- Adding Bootstrap CSS & Why not JS?

Principal  
D.A.V. Institute of Engineering & Technology  
Kabar Nagar, Jalandhar-144008

- Creating a Bootstrap Component.
- Integrating it with States and Props.
- Using Controlled Components to switch the theme

More than 200 participants were registered from various Colleges. The session concluded with Q & A session.

## **NATIONAL SCIENCE DAY CELEBRATIONS ORGANISED ON FEBRUARY 19, 2021**

National Science Day Celebrations were organized by Department of Applied Sciences to commemorate the life of Sir C.V Raman who is credited with the discovery of Raman Effect here at DAVIET. The theme of the celebrations was “ Future of STI: Impacts on Education, Skills and Work”. The basic aim of celebrations was to give exposure to students about the latest discoveries in the field of science and to give them a platform to appreciate the great discovery by Indian physicist Sir Chandrashekhara Venkata Raman on 28 February 1928. The celebrations are supported by Department of Science and Technology ( DST), Government of India and Punjab State Council for Science & Technology ( PSCST)

Dr. Kanchan Singh, Head Department of Applied Sciences welcomed the Heads of the Departments of the Institute along with students and teachers on National Science Day celebrations. She highlighted that the Department is committed to provide the necessary exposure to first year students so that they can become able technocrats and managers. She also highlighted that we should strive to become self reliant in every aspect as we as the natives of the place realize completely the complete nature and complexity of the issues at hand. While giving the details of the events she shared that there will be Declamation, Role Play and poster making through which the students will showcase their passion for science and technology.

An expert talk by Prof. Neeraj Dilbaghi, Professor of Nanobiotechnology, Guru Jambheshwar University of Science and Technology, Hisar was organized on the topic “ Science, Technology and Innovation for Sustainable Development during and Post Covid”. He highlighted the fact that

Principal  
D.A.V. Institute of Engineering & Technology  
Kābir Nagar, Jalandhar-144008

Covid-19 was a challenge but through technological innovation we have become self reliant in terms of imparting of education. He reiterated that though traditional teaching stopped, but learning never stopped. He touched upon the basic question whether microorganisms like viruses will go on attacking human race and ultimately who will succeed. He touched upon various pandemics and highlighted the fact pandemics have always hit human race but it is human will which survives every time. He shared that 110.47 million cases have been reported of Covid 19 but the human race is striving hard to come up with vaccines for it. He also shared the data related to Covid-19 and shared that we started with the capacity of 40 tests a day, but today we have the capacity to test around 7 lak cases a day. He touched upon nanoscale processes and fabrication and highlighted the Top Down and the Bottom up Approach for the production of Nano Materials. He urged upon all present to give their bit by becoming environment friendly so that the planet can be saved for future generations.

Another talk was delivered by Dr Meenakshi Sayal on the topic "Science and Innovation". She highlighted the fact that the basis of every engineering innovation is physics. She stated the importance of innovation in life and shared that without innovative mindset, the development of human civilization would not have taken place. She also highlighted the importance of Desire, Determination, Dedication, Discipline, and determination to succeed in life.

Declamation on the topic "Future of STI: Impacts on Education, Skills and Work" was won by Prabhjot Repal, from Swami Sant Das Public School, Phagwara while the first runners-up was Manmeet Kaur from DAVIET. The second Runners up in the event were Ruchika and Kamini. In Poster making the first prize was bagged by Pritika, from Swami Sant Das Public School while the second prize was won by Bhawna from DAVIET. The third position was bagged jointly by Prabhnoor Kaur from Swami Sant Das Public School and Kishpreet Kaur from DAVIET. In Role Play, the first position was won by Navreet kaur from DAVIET while the second position was bagged by Manviya Sahni from swami sant Das Public School.

Dr. Kanchan L Singh congratulated the winners and applauded the the efforts of convenors of the event Dr. Shivani Vij, Dr. Payal Sharma and the whole team for the success of the event.

Sir,

Please find enclosed herewith the following documents related to conduct of AICTE-ISTE sponsored Induction/Refresher program conducted on the topic "Advances in Materials Processing and Characterization" during January 05-11, 2022 by the Department of Mechanical Engineering, DAV Institute of Engineering and Technology, Jalandhar:

1. Program Schedule
2. List of Resource Persons with contact Details.
3. List of Participants Registered
4. List of participants who successfully completed the course
5. Question Papers of the Quiz conducted daily on Day 1 to Day 5
6. Question Paper of the Final Assessment Test conducted at the end of program
7. State of Expenditure
8. Utilization Certificate
9. Photocopies of the bills
10. External Hard Drive (or) Pen Drive of recordings of all the sessions
11. Program Completion Report
12. Program Outcomes

Please release the pending grant of Rs. 2970 (Rupees Two Thousand Nine Hundred Seventy Only) post verification of documents.

Thank You

Respected Colleagues,Greetings of the Day!!

I feel immense pleasure in informing you all that the **Centre of Incubation and Entrepreneurship** is going to organise a **Webinar on Successful Entrepreneurial Journey of Mr. Michiel Westermann, Member Board of Directors at DIH Technologies Co. Netherlands on February 22, 2021 (Today).**

Michiel Westermann holds a Master degree in mining (petroleum) engineering from Technical University Delft (1981) and a Master of Business Administration degree from INSEAD, Fontainebleau (1983). Prior to INSEAD he worked for Schlumberger (wire line services) in Cameroon and Angola.

Michiel is a serial entrepreneur. He was the founder in 1984, owner and director of Pink Elephant, a company specialized in the complete operational management of information systems (700 employees). Pink Elephant was sold to Roccade (1400 employees) in 1993 and Michiel joined the Board of Directors of Roccade till April 1998 (4000 employees). Roccade is now a part of KPN, the Dutch telecom company. His fields of expertise have always been strategy, organization structure,marketing and sales.

In October 1998 he founded Twinning and he has been Managing Director till April 2002. Twinning was the first incubator and investment company for ICT start-ups in The Netherlands. In 2004 he founded Motek Entertainment and Motek Medical. Motek Entertainment is a specialized company in motion capture and animation. For ex Michiel was co-producer of the first animation movie, based on motion capture, in The Netherlands. He merged Motek Medical with Force Link. Motek is recognized as an innovative leader in the field of rehabilitation technology, while Force Link is recognized as a technology leader in instrumented treadmills and

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

their applications. MotekforceLink is since 2015 a part of DIH International and Michiel joined the Board of DIH.

Details for the Session is as mentioned below: Date : February 22, 2021

Time : 3:00 PM to 4:00 PM

Platform : Microsoft Teams

Link : <https://bit.ly/3pGnZEe>

You are requested to kindly circulate this information among the students of your respective departments and motivate them to Join the Session.

With Profound Regards

Dear Student,

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

**The Centre for Incubation and Entrepreneurship** is continuously organizing events related to Entrepreneurship for the students of DAVIET.

This time we have tied up with **Department of Industries and Commerce, Govt of Punjab** to share the

new Business Start Up Policy of Punjab with the students of DAVIET named as **“Punjab Right to Business Act 2020”**.

This Government Policy has made the things a lot easier for MSMEs by providing an in-principle approval in 3-15 days - a gateway to start operations immediately and defer all compliances to later [next 3 years] like Building Plan, License Registration, Completion Certificate, Factory Building Plan, Registration of Shops etc.

**Topic - “Punjab Right to Business Act 2020- Starting a Business in Punjab Made Easy”**

**Date - April 01,2021 (Tomorrow)**

**Time - 10:00AM to 11:00AM**

**Zoom Link:**

**<https://zoom.us/j/92812597715?pwd=aDF0eIR3OGhaTWpPYWM5MFdhd2tuZz09With>**

### IMPunjab in Action

#### IMPunjab Hosts 1:1 Mentoring Sessions with Up-and-Coming Entrepreneurs

Speakeasy is an exciting platform for Punjab based startups and founders to interact with business titans and investors for curated mentoring. We hosted two speakeasy sessions this past month, where life sciences industry veteran D.S Brar and NowFloats founder Jasminder Gulati met with up-and-coming entrepreneurs. Gulati met with Abhay Singhal of TickTalkTo and PsyPac and Milind Kwatra of HUMHain and discussed building trust with customers, partners as well as investors. D.S. Brar, Ex- CEO of Ranbaxy Laboratories and founder of GVK Bio (Aragen Life Sciences), interacted with Siddharth Dhawan and Amol Bharadwaj, of Walnut Medical, providing insights on how to grow the venture to global scale. If you are interested in getting mentored by the stalwarts in your industry, write to us at [contact@impunjab.org](mailto:contact@impunjab.org).

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

### Sparking Student Interest in Entrepreneurship through City Stir

With City Stir we continue to engage with students, startups, and faculty across different cities in Punjab to discuss potential collaborations with different stakeholder groups & introduce various engagements with the Mission. This last month, we hosted 5 city stir events. The sessions were attended by ~700 students across Plaksha University, Thapar Institute of Engineering and Technology, Punjab Agriculture University, and DAVIET Jalandhar. The interaction with successful founders from Punjab like Sukhmeet Singh from A2PEnergy energies, Kunal Satitja from EduRev and Milind Kwatra from HUMHain, and speakers from Startup Punjab made these sessions especially engaging and enriching for the attendees.

Write to us at [contact@impunjab.org](mailto:contact@impunjab.org) if you're interested in meeting or co-hosting the meet-up with us.

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

### Spotlight

Spotlight, our platform that curates stories of bold and ambitious startups from Punjab is growing in engagement across social media and has crossed 50K views. In our latest editions, we spoke with Sukhmeet Singh of A2P energies, a company converting agri-waste to energy. Kunal Nandwani, is making trading smarter through his innovative fintech platform UTrade Solutions, and Abhay Singhal is fighting convention and breaking mental health stigma through TickTalkTo. Catch them and many more inspiring founder in candid conversations with our team on our Youtube Channel!

### Get in Touch

Get in touch with us if you are a startup looking to connect with investors, advisors or need help with business support or market access. You can write to us at [contact@impunjab.org](mailto:contact@impunjab.org) or call us at +91 8283848734.

The image shows three covers of the 'spotlight' magazine. Each cover features a profile of a founder from Punjab. The first cover is for Abhay Singhal, founder of TickTalkTo, with the headline 'Breaking the stigma around Mental Health issues in India!'. The second cover is for Kunal Nandwani, founder of UTrade Solutions, with the headline 'Meet Kunal Nandwani, a man of many Avatars!'. The third cover is for Sukhmeet Singh, founder of A2P Energy, with the headline 'Fueling the need to create Energy out of Agricultural Waste'. Each cover includes a quote from the founder and contact information for IMPUNJAB.ORG.

### Spotlight

Spotlight, our platform that curates stories of bold and ambitious startups from Punjab is growing in engagement across social media and has crossed 50K views. In our latest editions, we spoke with Sukhmeet Singh of A2P energies, a company converting agri-waste to energy. Kunal Nandwani, is making trading smarter through his innovative fintech platform UTrade Solutions, and Abhay Singhal is fighting convention and breaking mental health stigma through TickTalkTo. Catch them and many more inspiring founder in candid conversations with our team on our Youtube Channel!

### Get in Touch

Get in touch with us if you are a startup looking to connect with investors, advisors or need help with business support or market access. You can write to us at [contact@impunjab.org](mailto:contact@impunjab.org) or call us at +91 8283848734

Workshop on “Questionnaire Design for Research in Social Sciences” held at DAVIET The department of Business Management of DAV Institute of Engineering & Technology, Jalandhar organized a workshop on “Questionnaire Design for Research in Socialsciences” on March 30, 2022.

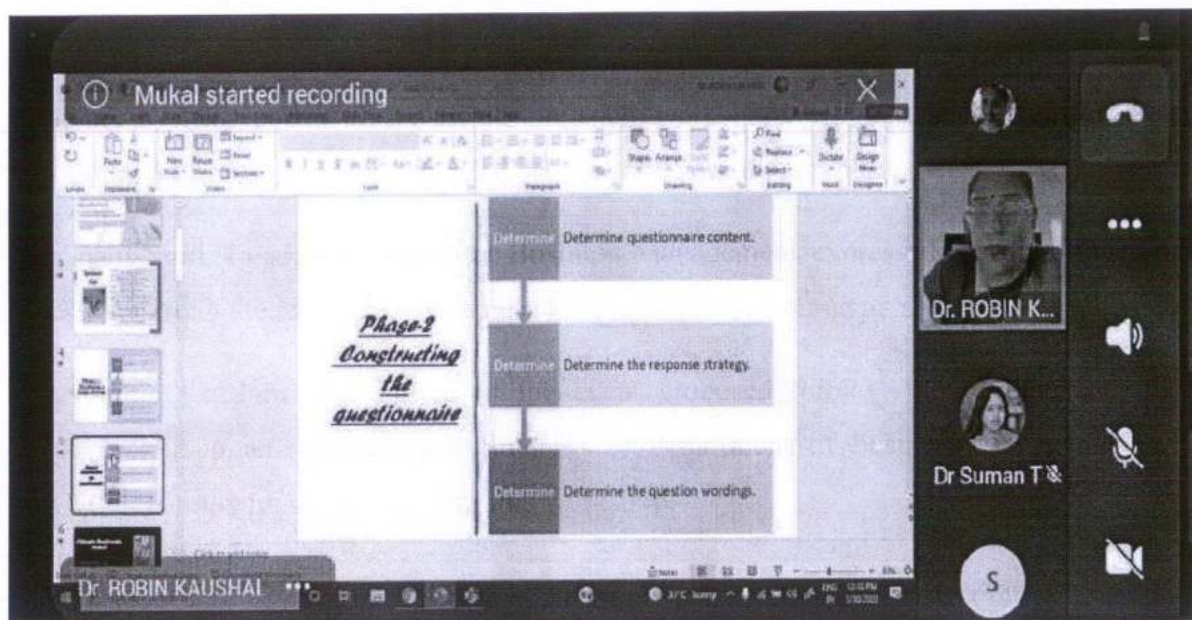

As questionnaires are the most commonly used method of research in marketing, social and health sciences. The quality of research mainly depends upon the quality of design of questionnaire, its reliability and validity. **Dr. Robin Kaushal**, Assistant Professor, Sri Aurobindo College of Commerce and Management, Ludhiana was the resource person. She has highlighted the importance of questionnaire in research and elaborated the various steps in questionnaire design in very simple and effective way. She has discussed the various qualities of good questionnaire to have excellence in research which will help industry and society to give solutions to some critical problems.

**Dr. Manoj Kumar**, Principal, DAVIET, appreciated the department of Business Management for organizing this workshop for the benefit of the students. He motivated the

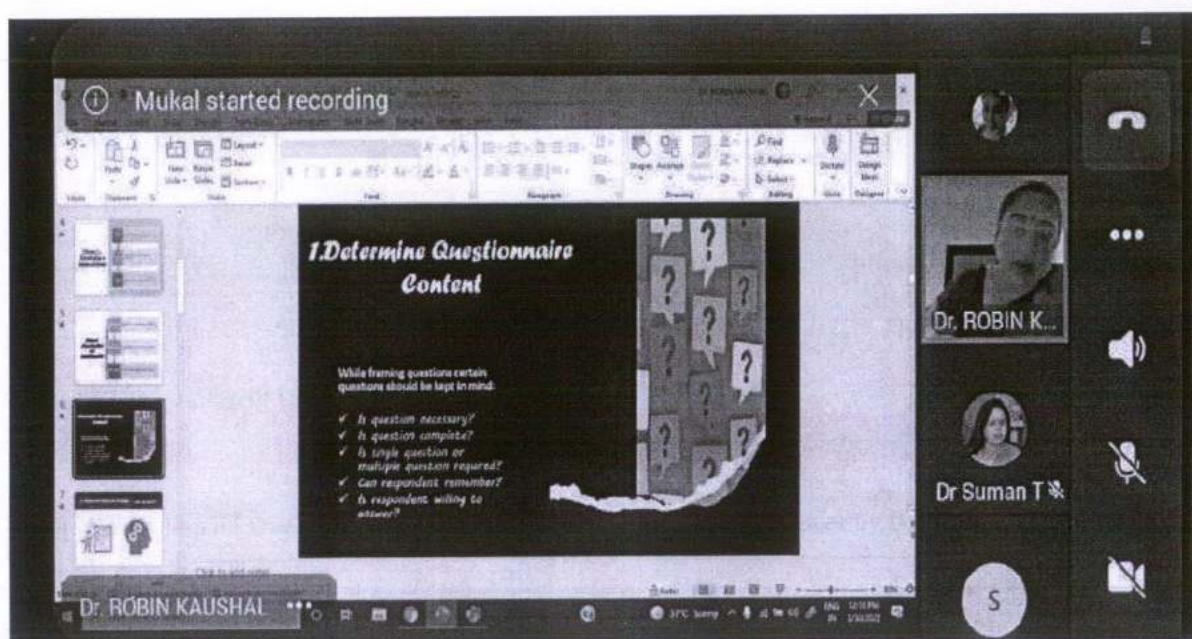

students to take part enthusiastically in such workshops which are helpful for their development of research related skills and to make them employable.

**Dr. Anil Soni**, Head, department of Business Management expressed the importance of questionnaire in the research and express his gratitude to resource person.

**Dr.Suman Tandon**, Coordinator of the event proposed formal vote of thanks to the resource person and participants. Students of department of business management of DAVIET got maximum benefit from this workshop.

## Build Your Own Virtual Assistant- AI Bootcamp-24 March,2022

**DAVIET**  
Engineering Futures  
Through Innovation

**DAV INSTITUTE OF ENGG. & TECHNOLOGY, JALANDHAR**  
Department of Computer Science & Engineering  
Presents

**Artificial Intelligence Bootcamp**  
*Build your own Virtual Assistant*

 **OpenWeaver**      [openweaver.com](https://openweaver.com)

**ONLINE**  
**hands-on coding**  
**bootcamp**  
March 23, 2022

In this boot camp conducted by a Senior AI Architect, you will learn

- Basics of machine learning, Virtual agents and NLP
- Using Open Source - understanding licensing, evaluating support, quality and more
- Hands on project to build your own virtual agent!

**Install all pre-requisites from this Virtual Agent Starter Kit before the session.**

|  |   |  |
|--|---|--|
| <br><b>Learn AI, NLP and use of Open Source</b> | <br><b>Hands-on session to build your own AI</b> | <br><b>Certificate upon successful completion</b> |
| <b>Dr. Parveen Kakkar</b><br>Coordinator   | <b>Dr. Harpreet K. Bajaj</b><br>Head CSE  | <b>Dr. Manoj Kumar</b><br>Principal  |

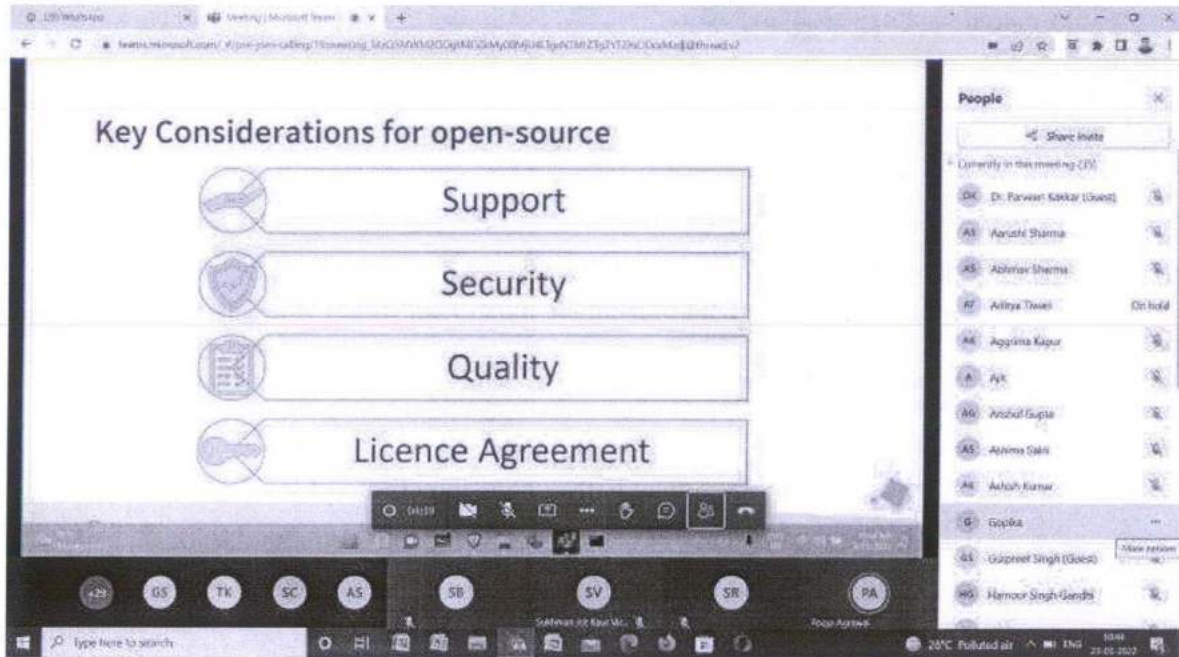

Artificial Intelligence is the latest buzzword in the industry. In this 90 minute boot camp participants will learn the fundamentals of AI and see AI in action by building their own AI virtual assistant in just 30 minutes. A hands-on coding bootcamp based on the rising domain of the industry- Artificial Intelligence was organized in online mode on Microsoft Teams platform in DAVIET. This event is coordinated by **Dr. Parveen Kakkar Asstt. Prof. (CSE)**. It was conducted by **Ms. Pooja Agarwal Senior AI Architect of Open Weaver** at 10:00 am on 23 March 2022. The bootcamp started with fundamentals of concepts like AI, NLP and use of opensource. They also introduced the participants to their tool "kandi" by Open Weaver that helps developers jump start their application

development by tapping into 430 million open-source assets, libraries, code snippets and more. As we proceeded the participants were provided with a hands-on experience of building their own AI virtual assistant. The practical application of the skills made this bootcamp very interactive and informative. Participants gained some useful skills out of it and they were even provided a certificate upon successful completion of project.

In brief AI boot camp was conducted by a Senior AI Architect and participant will learn the following:

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

- Basics of machine learning, Virtual agents and NLP.
- Using Open Source – understanding licensing, evaluating support, quality and more
- Hands on project to build your own virtual agent.

The poster is a rectangular graphic with a black border. At the top, it features three logos: MOE's Innovation Cell (Government of India), DAVIET (Engineering Futures Through Innovation), and Institution's Innovation Council. Below the logos, the text reads: "DAV INSTITUTE OF ENGG. & TECHNOLOGY In association with Institution's Innovation Council Organises". A large black banner with white text says "IMPACT LECTURE SERIES". Below this, another banner says "ONLINE MODE: SESSION 2". The date "July 22, 2022" and time "11:00AM onwards" are listed. A joining link "https://bit.ly/3yXliFb" is provided. Two speaker portraits are shown: Mr. Vikas Asawat (Patent and Trade Mark Attorney) and Dr. C.K. Sehgal (Intellectual Property Rights Expert). Below each portrait is their name and title. The bottom of the poster says "SPONSORED BY MOE'S INNOVATION CELL (MIC), AICTE, NEW DELHI".

Kabir Nagar, Jalandhar-144008

replicated and can generate lakhs of white-collar jobs in India not only in IT but in various other sectors.

In reference to all above, female students of all courses/all semesters who want to pursue their career as Entrepreneur must attend the same as per the schedule.

Note :

- All the HoD's are requested to depute one Faculty or Industry coordinator along with the students (Female) of their respective departments to maintain the decorum during the event.
- Industry Coordinators are requested to circulate this information among the female students of their respective departments and ensure the maximum participation.

The poster is for an event titled "WOMEN ENTREPRENEURSHIP IN RURAL INDIA". It is organized by DAV Institute of Engg. & Technology, Centre for Incubation and Entrepreneurship. The event is scheduled for May 04, 2022, starting at 11 AM onwards. The speaker is Ms. Mandeep Kaur Tangra, Founder & CEO of SimbaQuartz and a TEDx-Speaker. The venue is the Convention Hall at DAVIET, Jalandhar. The poster features logos for DAVIET, a circular logo with the letter 'M', and the Institution's Innovation Council. A portrait of Ms. Mandeep Kaur Tangra is shown on the left side of the poster.

Respected HoD's/IC's, Greetings of the day!!

**Confederation of Indian Industry (CII) in collaboration with the World Design Organization is organizing the "Design Talk Series" supported by Pearl Academy for Faculty & Students on Feb 25, 2022.**

They invited global stalwarts from USA, Japan, EU, South Korea, Netherlands, Australia, etc to share their journey and experience with the Indian audience to learn and gain insights from. The seventh session of the design talk series invites Prof. Mary Reisel, Director, Rikkyo University, to share her journey &

Principal  
D.A.V. Institute of Engineering & Technology  
Kabir Nagar, Jalandhar-144008

insights on the topic of 'Sustaining the humane aspect in design ruled by AI and VR'.

The session will be moderated by Prof. Kavita Fatarperkar, Associate Professor, Pearl Academy – School of Design.

The session will be hosted on Zoom Platform and live-streamed on YouTube and Facebook. The participants need to join via the Zoom platform, Interested Faculty/Students are required to register by clicking on the below link:-

Link:- [https://ciionline.zoom.us/webinar/register/WN\\_GLGQuUEfRtCPKMBRa8cIXQ](https://ciionline.zoom.us/webinar/register/WN_GLGQuUEfRtCPKMBRa8cIXQ)

After registering, you will receive a confirmation email containing information about joining the webinar.

Meeting Id: 991 6032 5064

Passcode: 985619

SIP: [99160325064@zoomcrc.com](mailto:99160325064@zoomcrc.com)

Faculty/Students may share their questions with them in advance by email. You may coordinate with Mr. Nitish Das ([nitish.das@cii.in](mailto:nitish.das@cii.in) ; +91-9599559259) in case you face any issues while logging in.

**Confederation of Indian Industry**

Website: [www.cii.in](http://www.cii.in) | [www.ciidesign.in](http://www.ciidesign.in)

**In view of the above, you are requested to kindly disseminate this information among all the Faculty Members and Students of your branch so that they will gain benefit from participation in this Design Talk Series.**

**Regards, Vishav Kapoor**
