Comments/Suggestions for the further improvement:

few courses included under Professional Elective course Track
bucket, needs to be added under "Professional core courses"
as they may increase students chances of employability.

(For instance: Structural Analysis & Design, Geoenvironment Engg., EIA & LCA
and Transients in the closed conductors etc)

* Please add Industrial visit / training in Curriculum and students task should be to define / find the problem of Industry not providing the soln. to problem. In this way, they understand first step towards practicality and Industries find it also useful.

* If possible, please include project's in every subject per semester because Experiential learning is far better than theoretical learning.

Subject: Points to be discussed in the next BoS meeting regarding curriculum of B. Tech. – ECE

Dear Sir

I have received the following suggestions from the faculty members of our Department regarding the IKGPTU curriculum of B. Tech. – ECE program. Being the member of the Board of Studies of the University, you are kindly requested to discuss the points in the upcoming BoS meeting.

Suggestion Received	Faculty Name
To inculcate at least one project in each semester for technical skill improvement of the students.	Mr. Navleen Singh Rekhi
To include employability enhancement classes or seminars to enhance technical skills for placement purpose	Mr. Ashish Malhotra
The syllabus of BEEE subject of ECE-1 st year is very vast and the major contents are from electrical engineering. Keeping in the view of the scope of the branch the major part of the BEEE syllabus should be from electronics engineering.	Mr. Ganesh Chand

Submitted for your kind consideration.

(Minutes of Meeting)

A meeting of the Board of Studies (Electronics and Communication Engineering) constituted vide Notification No. IKGPTU/Reg/NF/26 dated 01/03/17 was held on July 05th, 2017 at 10:00 am in Conference Hall, 2nd Floor, Department of Academics, G+3 Building, Main campus, IK Gujral Punjab Technical University Jalandhar, Jalandhar-Kapurthala highway, Punjab.

The agenda of the meeting was to review and revise the scheme of B.Tech. (Electronics and Communication Engineering) being run in main campus & affiliated colleges and to discuss any other matter with the permission of Chair.

Following members of the BOS were present and actively participated:

- | | |
|----------------------------|--------------------------------|
| 1. Dr. Avtar Singh Buttar | Chairman (Professor) |
| 2. Dr. Sandeep Singh Gill | Member (Professor) |

| 8. Dr. Amit Gupta | Coordinator (Asstt. Professor) |
| 9. S. Navdeepak Sandhu | Member (T&P) |

Special invitee

- | | |
|------------------------------|--|
| 1. Dr. Kamaljit Singh Bhatia | Asstt. Professor, IKG PTU, Batala Campus |
| 2. Dr. Rakesh Kumar | Asstt. Professor, IKG PTU, Bhikwind Campus |

Following members of BOS could not attend the meeting:

- | | |
|-------------------------|---------------------------|
| 1. Dr. Nina Gupta | Member (Outside Expert) |
| 2. Dr. Dharminder Singh | Member (Outside Expert) |
| 3. Dr. Charanjit Singh | Member (Professor) |
| 4. Er. Reetipal Singh | Member (Assoc. Professor) |

5. Dr. A K Chaterjee

Member (Outside Expert)

6. Dr. Dalveer Kaur

Member (Asstt. Professor)

The Board has taken the following decisions:

1. All the members of BOS are agreed to adopt credit based system and it has been recommended to keep up total credit 180 approximately as per AICTE/ UGC guidelines.
2. It has been strongly recommended that the study scheme and syllabus of UG programs to be offered at IKGPTU Main Campus and its affiliated colleges/ institutions (except autonomous colleges/institutions as per UGC) should cover complete GATE/UPSC syllabus.
3. It had been observed that most of the Engineering streams have their individual subjects in first year of B. Tech. But Electrical, Electronics and Instrumentation Engineering have been given combined single subject. So, it is recommended that individual subject of Basics of Electronics Engineering should be introduced in place of Basics of Electrical and Electronics Engineering.
4. In 3rd Semester syllabus, Mathematics-III subject has to be re-designed according to applications of Electronics & Communication Engineering.
5. It has been decided that one project has also to be submitted by the student in each lab.
6. Further, it has been unanimously suggested by all the members of BOS that from the point of view of more employability of students, it is recommended to introduce non credit subject employability enhancement classes for students under the supervision of respective Mentors from 3rd Semester onwards.
7. It has been strongly recommended to introduce a Mathematical computation/ simulation like MATLAB/ Sci LAB/OCTAVE or any other equivalently designed software based practical subject in first year of B.Tech. which will be helpful for all engineering streams.
8. It had been recommended that Industrial training should be done in vacations after 4th and 6th semester instead of whole semester of final year and the skill development programs or enhancing skill in core area may be introduced in the scheme.
9. It is also decided that General Fitness subject should be non credit subject in the scheme.
10. Department of Electronics & Communication Engineering, IKGPTU Main Campus shall propose a study scheme and detailed syllabus/ contents of various subjects for

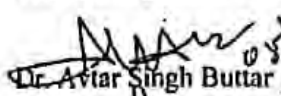

B.Tech. (Electronics & Communication Engineering) based on the suggestions of this meeting and it will be discussed and finalised in the next meetings of BOS.

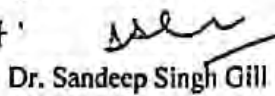

11. More number of elective subjects should be introduced in the scheme of B.Tech. ECE.

Most important recommendation based on current observation:

Henceforth, whenever any new program is to be started by university or its affiliated colleges/institutions, it should be brought forward to BOS of the university well in advance so that appropriate recommendations can be given by BOS before any kind of approvals to new program/s. Treat this as most important to avoid any kind of problems at later stages.

The meeting ended with a vote of thanks.

Event Detail

The *Electro- Azeez* technical event was held on January 23rd, 2019 Wednesday. It was a whole day event and was held in Lecture Hall- 16 and ADC lab. In this event, approximately 40 students appeared for the first round. The first round was Technical MCQ test.. Based on the first round, 12 students were selected on merit basis of test conducted. Round II was a Technical Quiz and three teams were constituted equally dividing 12 students. The quiz had two rounds of time bound short questions and round three was a practical performance on CRO. The participants were really enthusiastic and there was a tough fight for the first position. The event organizers Dr. Love Kumar and Mr. Navleen S Rekhi had assisted and done the needful for the success of the event. Ms. Shallu, Lab. Asstt., ECE had provided the necessary equipments for the successful completion of technical quiz rounds. The event organizers(students) had done the remarkable job for the smooth conduct of the event. At the end, Dr. Neeru Malhotra, Assoc. Dear Sir,

Based on the annual feedback (session 2017-18) on the curriculum of B. Tech. – ECE, the following suggestion has been received from Mr. Ganesh Chand – Assistant Professor (ECE).

“While teaching DSP subject it was observed that students lack in the use of Z-Transform for system analysis. So it is suggested to include Z-Transform in the mathematics subject.”

You are requested to present this issue in the next meeting of the Board of Studies of B. Tech. – ECE, IKG Punjab Technical University, Jalandhar.

Minutes of Meeting

Subject: Minutes of the 5th meeting of Board of Studies Electronics and Communication Engineering on 18/02/2019.

A meeting of the Board of Studies Electronics and Communication Engineering (ECE) held on 18.02.2019 at 10:30am, at Department of ECE, College Building-I, 2nd Floor, IKGPTU Main Campus, Kapurthala under the chairmanship of Dr. Satvir Singh (officiating) for the under graduate programs listed below:

1. B.Tech. in Electronics & Communication Engineering
2. B.Tech. in Electronics & Instrumentation Engineering
3. B.Tech. in Electronics & Telecommunication Engineering

The Agenda of the meeting is to deliberate and finalize:

1. Study Scheme of above B.Tech. ECE and related programs from 3rd to 8th semesters.
2. Syllabus of above B.Tech. ECE and related programs for 2nd year along with Vision, Mission, Program Outcomes (POs), Course Objectives and Course Outcomes (COs).
3. To discuss any other matter with permission of the Chair.

Following members of the BOS & Special Invitees were requested to attend said meeting for expert inputs:

24. Dr Dharmlinder Singh	Professor	IIT Roorkee Member
25. Dr A K Chatterjee	Professor	Thapar University Member

Members of BOS from Sr. No. 16-24 could not attend the meeting.

Based on the deliberations, the Board recommended the following:

- The Study schemes for B.Tech. Electronics and Communication Engineering (ECE), B.Tech. Electronics and Telecommunication Engineering (ETE) and B.Tech. Electronics and Instrumentation Engineering (EIE) from 3rd semester to 8th semester was discussed and finalised (attached herewith as Annexure-I).
- Statements for Vision and Mission, Program Educational Objectives, Program Outcomes, Program Specific Outcomes, Course Objectives and Course Outcomes has been discussed and finalised specifically for the B.Tech. ECE IKGPTU Main campus (attached herewith as Annexure-II).
- The Board observed and finalized the syllabus contents for second year of B.Tech. Electronics & Communication Engineering (ECE), B.Tech. Electronics & Instrumentation Engineering (EIE), B.Tech. Electronics & Telecommunication Engineering (ETE) (attached herewith as Annexure-III).
- In the meeting of BOS ECE, it is decided that following chapters should be covered in Mathematics III to meet the requirements of other core subjects, irrespective of the suggestions given by AICTE.
 - Fourier Transform
 - Laplace Transform
 - z-Transform
 - Probability & Statistic

It is decided by the Board that the contents of the (a) Data Structures and Algorithms and (b) Environmental Sciences (a non credit Mandatory course).

Handwritten signatures and initials at the bottom of the page, including a large signature on the right and several smaller ones on the left.

In 4th semester, and (c) HUSB courses - Foundational course in Humanities (Development of Societies/Philosophy) and (d) Universal Human Values-2: Understanding Harmony (in semesters 3rd and 4th, respectively) will be provided by the concerned Department.

- The board finalized the syllabus of the subject: (a) BTEC-305-18 Basic Electronics (for B.Tech. Civil Engineering and B.Tech. Mechanical Engineering), (b) BTEC-315-18 Basic Electronics Lab (for B.Tech. Civil Engineering), (c) Instrumentation & Sensor Technology (for B.Tech. Civil Engineering) as requested by the respective BOS.
- Further important suggestions (if any) will be incorporated with the approval of Chairman BOS BCE to be put for rectification in next BOS BCE meeting.

Meeting ended with vote of thanks.

Action Taken Report Based on the curriculum related feedback received from various stake holders

The feedback received from various stake holders based on the curriculum related activities during 2019-20, department of Applied Sciences has identified the need to organize various activities to enrich the curriculum and has made the following recommendations:

- Some visits are planned to make students feel their social responsibilities by interacting socially with the under privileged section of the society.
- It is planned that the students should participate in the various scientific competitions organized by other institutes to acquire knowledge and information on the latest developments in science and technology.

The suggestions have been found suitable and recommended for suitable action.

Summary of the curriculum related feedback received from various stakeholders and recommendations/suggestions in light of the feedback

Academic year: 2019-20

Date: 05.09.2019

Based on the curriculum related feedback received from various students, Mechanical Engineering department has identified the need to organize workshops/training programs/expert lectures from industry to supplement the curriculum and have made following recommendations in this regard:

1. The department has proposed to conduct expert lectures during industry week, in which there will be interaction between students and industry experts.

5th Sem scheme.jpg; 5th sem syllabus.jpg; 6th sem scheme.jpg;

Dear Sir,

This is to bring to your kind notice that the following observations have been made in the study scheme of B. Tech. - ECE 5th semester (2018 batch onward):

1. **Computer Networks** subject with code BTCS-602-18 has been mentioned in the 5th semester scheme (page 6).
2. **Digital Signal Processing Lab** with code BTEC-512-18 has also been mentioned in the 5th semester scheme (page 6).
3. Whereas in the syllabus of 5th semester (page 39) **Digital Signal Processing** has been provided with code BTEC-502-18. The series BTEC-5XX-18 indicates that it is a 5th semester subject.
4. But in 6th semester scheme Digital Signal Processing has been mentioned with subject code BTEC-602-16 (page 7).

So, there is a confusion whether DSP Theory or Computer Networks is to be considered in upcoming 5th semester. As the LAB of Digital Signal Processing is mentioned in the scheme in 5th semester and inside the syllabus booklet (page 39) the syllabus of Digital Signal Processing is given with code BTEC-502-18 in 5th semester. The syllabus of Computer Networks subject is not provided in the syllabus booklet. Therefore, **Digital Signal Processing theory subject may be a part of 5th semester in place of Computer Networks subject (BTCS-602-18)**. The computer network subject can be a part of 6th semester in place of BTEC-602-16).

For the time-being to prepare teaching load of the next odd semester we are considering Digital Signal Processing in 5th semester in place of Computer Networks.

This issue may also be brought into the notice of concerned university personal for clarification before the start of next session.

Thank You.

Minutes of Meeting

As per the University BOS notification no. IKGPTU/Reg/Notification/203 dated 13/05/2019, the 1st meeting of the notified Board of Studies of Electronics & Communication Engineering (BOS ECE) (Affiliated Colleges), I.K. Gujral Punjab Technical University, Kapurthala was held under the Chairmanship of Dr. Manoj Kumar, Principal DAVIET, Jalandhar and Vice-Chairmanship of Dr. Avtar Singh Buttar, Associate Professor, Department of Electronics and Communication Engineering IKGPTU at Department of Academics, Conference room, 2nd Floor, IKGPTU, Kapurthala on 16.07.2019 at 10:30am.

The meeting started with the welcome address to the members of BOS (ECE) by the Dr Manoj Kumar.

The following member were present :

Dr. Manoj Kumar, Principal DAVIET, Jalandhar (Chairman)
Dr. Avtar Singh Buttar, Head, Department of ECE, IKGPTU, Kapurthala (Vice-Chairman)

Mr. Danny Lin, Industry Expert (Special Invitee)
Mr. Himanshu Mahajan, Industry Expert (Special Invitee)
Er. Meenakshi Sansoy, Student
Dr. Dalveer Kaur, Assistant Professor, Department of ECE Main Campus IKGPTU (Coordinator)

The following were not present :

Dr. Rajni, SBS STC, Ferozepur (Member)
Dr. Amarpal Singh, BCET, Gurdaspur (Member)
Dr. Jagjit Singh, DAVIET, Jalandhar (Member)

The Agenda of the meeting was to deliberate and finalize:

- 1) To accept and approve the study schemes of 3rd to 8th Semester B.Tech. Electronics and Communication Engineering (ECE) and B.Tech. Electronics and Instrumentation Engineering (EIE) that is already uploaded on University website for batch 2018 and onwards at par with AICTE Model Curriculum 2018.
- 2) To discuss and finalize the syllabus of the courses of 5th Semester of B.Tech ECE and B.Tech EIE.

(Handwritten signatures and initials)

- 3) To distribute the courses of 6th Semester of B.Tech ECE and B.Tech EIE to design the syllabus for next BOS ECE.
- 3) To adopt the policy regarding MOOCs courses.
- 4) To finalise the on-line SWAYAM/MOOCs courses for the session July-November 2019 that a student may take to get Honors degree or Minor degree in Electronics and Communication Engineering and Electronics and Instrumentation Engineering.
- 4) To select 2 BOS Members to map the syllabus for migration cases.
- 5) Any other agenda with permission of the Chair.

The Proceedings of the meeting were recorded as under:

1. The Study schemes for B.Tech. Electronics and Communication Engineering (ECE) and B.Tech. Electronics and Instrumentation Engineering (EIE) from 3rd semester to 8th semester was considered for the batch 2018-2022, and following changes were made:
 - a) The subject of Computer Networks (Course code: BTCS-222-18) is swapped with the subject Digital Signal Processing (Course code: BTEC-502-18) and concurrently the course code is changed to BTEC-602-18.
 - b) The Professional Elective Courses are classified into five groups viz. Electronic Hardware, Communication, Software Development, ICT and Signal Processing.
 - c) The revised study scheme along with the list of Professional Elective Courses is attached at Annexure I.
 - d) The revised list of the Open Electives is attached at Annexure II.
2. The Board deliberated on the course contents of the subjects of 5th semester of B.Tech. Electronics & Communication Engineering (ECE) and B.Tech. Electronics & Instrumentation Engineering (EIE) along with the Course Objectives and Course Outcomes will be discussed and finalized in the next BOS meeting on 13/09/2019.
3. In view of the University notification no. IKGPTU/Reg/NF/2096 dated 24/05/2019 and MHRD guidelines in respect of SWAYAM/MOOCs for Honors/Minor Degree in ECE/EIE, it was decided that courses having duration of minimum 12 weeks with 4 credits be permitted. Also, one faculty coordinator up to 30 students is to be nominated by the HOD for registration, certification and coordination on rotation basis. The registration fee for the faculty coordinator(s) shall be borne by the Institute, if faculty is interested. The faculty coordinator will monitor the students' progress from time to time and maintain the record of the same.

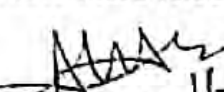

[Handwritten signatures and initials]

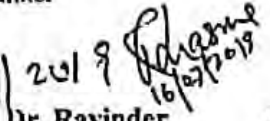

- The BOS discussed and approved the list of SWAYAM /MOOCs courses (for Semester July-Nov 2019) for Honors and Minor Degree in Electronics & Communication Engineering (Annexure III) and for Honors and Minor Degree in Electronics & Instrumentation Engineering (Annexure IV).
- Dr. Dalveer Kaur and Dr. Jagjit Singh Malhotra are nominated to map the syllabus for migration cases.

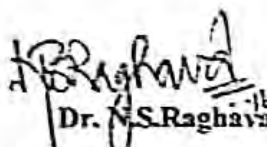

The BOS ECE meeting ended with a vote of thanks.

The institute level technical event "Power of Knowledge" was organised by Department of ECE under the Society of Innovative Electro-crackers (SINe) on 24-03-2022. The event was led and executed successfully under the guidance of Dr. Neeru Malhotra, Associate Prof. & Head, ECE with faculty co-ordinators as Dr. Love Kumar and Mr. Navleen S Rekhi.

Approximately, 100 students participated in the event from various branches of engineering discipline. The event consisted of three stages. In the stage I, the MCQ based technical test was conducted. From the stage I, fifteen students were shortlisted to proceed with stage II. The stage II was "Know How" of the components used in basic electronics. From the stage II, twelve students were chosen to proceed with final stage of the competition. In the final stage, the students were allocated with various circuit design using discrete components, CRO and function generator. Finally, Rahul Kumar, Kunda, Aryan and Japnoor Singh was adjudged as the winner.

The Head, Department of ECE congratulated the winners and appreciate the participants. She also acknowledged the student co-ordinators: Abhishek Kumar, Raunak Kumar, Hrishikesh Kumar for their efforts to make the event successful. The Head also acknowledged the faculty coordinators Dr. Love Kumar and Mr. Navleen S Rekhi for guiding the students to make the event lively and successful.

Industrial week (CSE Department)

CSE department has organised industrial week from 25th April 2022 to 29th April 2022 to cater for the gaps between the course curriculum and industrial needs. This industrial training focused on 60 hours of introduction course on “Introduction to full-stack development” organised with the collaboration of “O7 services”. This course was mandatory for CSE – 4th semester and 6th Semester. This 60-hour course has covered the following topics.

1. Overview of Modern Web Development
2. The Basics of Full Stack Development
3. Building On the Basics
4. Client-side Technologies
5. Front-End Technologies
6. Server-side Technologies
7. The Persistence Layer

WORKSHOP ON DATA ANALYSIS

The Department of Business Management of DAV Institute of Engineering and Technology organised a workshop on the topic "Quantitative Analysis" for the students of MBA, BBA and BCom (Hons). The main objectives of this workshop was to inculcate among students the practical aspects of research methodology. The role of research has been increased due to complexity in every field of life in modern times. As the research enhances the understanding of the problem and quantitative techniques of data analysis helps the researchers to have solutions for those problems. The resource person for the workshop was Dr Robin Kaushal from Sri Aurobindo College of Commerce and Management, Ludhiana. She has elaborated the importance of research and research process in detail. She has discussed various quantitative techniques of data analysis like ANOVA, Factor Analysis and Regression analysis in detail. Dr Anil Soni, Head of the department, also enlightened the students with the importance and impact of various data analysis techniques on research projects. Formal vote of thanks has been delivered by Dr. Suman Tandon, convener of the event. Principal Dr Manoj Kumar has appreciated the efforts of the department for organising this event.
