Tavish Gandhi - 454/17

Hi,

Greetings from Nagarro!

Hope you and your family members are doing well and staying safe in these unprecedented times.

We are getting numerous mails regarding your joining concerns.

So, we would like to tell you that you all will be having **Virtual Joining on 8th March, 2021** for now and we will let you know if there is any update. After our office reopens, your location will be **Gurgaon, India**. If there will be any change in the mentioned schedule, we will update you well in advance.

Another concern we have been getting from you is regarding the signed copy of your offer letter which you are asked to send us. Please note that you do not need to send us any copy as your acceptance. For those who have not yet received their offer letters please don't panic, we are working on it and you will receive them soon enough.

Another concern which I would like to address is that while creating your profile you do not have to upload your PAN card, you just have to fill your name as per your PAN. If you do not have PAN card, use your Aadhar card instead but make sure that name is as per your PAN card only. Also, if you are using any other Email ID to create your profile, please let us know.

To make your logistics support smoother we would like to have few details from your end.

We have to send you your laptop, so please **Click Here** to give us your details. Also, please make sure that you are present on this address near your date of joining when these laptops will be dispatched otherwise we will not be able to deliver your laptop on time.

If you have any concerns, you can write us at campushiring@nagarro.com or reply to this mail.

Due to the popularity of the program, seat allocation is based on "a first come first served basis". To secure your place, you must confirm attendance by submitting and signing the registration form online and paying the deposit.

The taught part of the program and exams finish on June 30th, 2022. At the end of the taught part of the program, you will be able to keep your student status in France for one year while writing your Final Management Project, and work or do an internship depending on French employment and immigration regulations.

Certified documents: Please read the [tutorial](https://gesb.fullfabric.com/admissionsdocuments) carefully (<https://gesb.fullfabric.com/admissionsdocuments>). **You will not be able to begin the program if we have not received these documents**, so we encourage you to provide these by the **end of July** where possible or during the integration week at the very latest. *Any fraudulent information will result in your immediate expulsion from the program and the loss of any fees paid.*

If you have been previously conditionally accepted onto this program and the payment schedule is not attached to this letter, kindly refer to your conditional acceptance letter for your payment schedule.

For students requiring a visa: In order for GEM to issue your visa letter you must [submit the registration form online](#) and have paid your deposit and 50% of tuition fees. You cannot study on a tourist visa and the visa process **can** take over 2 months to complete at some French Consulates. The French Consulate will also ask for a housing certificate for at least the first three months of your stay in France. Please contact postgrad.enrollment@grenoble-em.com for payments and visa letters.

International Student Integration (ISI): Please [download the guide for international students according to your campus \(Grenoble\)](#) it is your survival guide. You will find all the information you need in order to prepare your new life in France (visas, housing, budget, health insurance and daily life). **ISI** will contact you as soon as GEM has received your 50% tuition fee payment.

We look forward to welcoming you onto the program and making your studies at GEM truly memorable.

Yours sincerely,

Dear student,

Congratulations on being selected by Cognizant. We look forward to welcoming you to the Cognizant family of about 286,000 professionals, spread across 50 countries.

As you may have read in the newspapers, we recently announced our third quarter 2013 results. I'm pleased to share that we beat the top end of our guided revenue range. In fact, we added about \$107 million of incremental revenue during the quarter, increasing our global revenue to \$4.248 billion from \$4.141 billion. Notably, this incremental revenue addition is the highest among our peer group.

During our earnings call, we also announced our key strategic objectives such as refinement to our strategic posture, key bettings on areas that we will invest in such as IoT, data, cloud and digital engineering, and cost optimization measures to enable investing in our business and accelerating growth. We believe these measures will be key to unleashing the company's full potential, thereby enabling us to return to being the benchmark of the T-Industry.

You may have also seen our public announcement regarding our plan to hire over 23,000 students with STEM background from across the country. We are fully committed to honoring every offer we have made in campuses such as yours—as we have in the past 22 years—and nurturing this talent to build meaningful careers.

Between now and the time that you join us, we'll communicate with you on an ongoing basis. With digital permeating every client in the industry we serve, we see you, the talent from the colleges we hire, to be invaluable to driving the digital miracle of our clients.

Looking forward to welcoming you to Cognizant in 2020.
