themselves registered through the Voter Helpline App. The voter camp was organised

under the Systematic Voters' Education and Electoral Participation Program, better known as SVEEP. The institution joined hands with SVEEP 36 North Jalandhar to organise this camp to register a maximum number of young voters as part of the electoral rolls. Additionally, it aimed at spreading electoral awareness amongst the budding engineers to become responsible and consci-

entious citizens of the nation. Dr Manoj Kumar, Principal DAVIET, expressed his faith that the maximum number of eligible students will get registered as voters and participate in one of the most significant events of participative democracy in the world. He applauded the efforts being made by election commission representatives to spread electoral awareness. He highlighted the fact that every student above the age of eighteen should cast his vote. He also encouraged the students to be in touch with the election ambassadors of the college to clarify any doubt about the registration process and the steps involved in casting votes. He expressed his belief that all the students would participate in the election process and take the nation forward.

ii) A SESSION ON "VOTER AWARENESS" ORGANISED ON 14/09/2022 DURING STUDENT INDUCTION PROGRAM - 2022

A session was organised for the new entrants of B.Tech. on the topic "Voter Awareness". The keynote speaker was Dr. Surjit Lal Sahota, Lecturer in English & Career Counsellor. He is District Assistant Nodal Officer (SVEEP & DAPO). The session started with the definition of democracy given by Abraham Lincoln which is "of the people, for the people and by the people". He said that every citizen of a democratic country should be aware of the value of his vote. There should be awareness regarding votes in a democratic country. In India, if anybody whose age is eighteen or above eighteen, must register himself as a voter. For **online registration of a voter**, he can fill the voting form from NVSP (**National Voters Service Portal**). There is also a mobile app for the same which is **Voter Helpline App**. If a person of age of eighteen or above eighteen wants to register himself as a voter, he should fill the form-6 from the app. If the person of the same age wants to register himself as a voter but he is an NRI so he should fill the form-6(a) from the app. If we want to link our aadhaar card to our voter ID card so we should fill the form-6(b) from the app. Sometimes we are present at the location which has been registered on voter ID card but we still want to vote from another place. In that case we should register ourselves as a voter from the locality where we are. But according to the laws, a citizen can register himself from one locality only. In that case, we should fill the form-7 from the app. Sometimes we forget to add some very important details to our voter ID card. In that case, we should fill the form-8 for the correction. He advised the students that as a good citizen of our nation we should make sure that if we are eighteen years old or above eighteen so we are registered as a voter.
